### **Draw a picture of what you did in the holidays**

We hope that you had a lovely half term holiday. Can you draw a picture of what you did? Perhaps you went for a walk in the park with your grownups, baked a cake or played with your toys at home. If you celebrated Eid you could draw a picture of how you celebrated.

### **Explore numbers**

You will need:

Paper

Felt tips

String

Pegs

#### **Step 1**

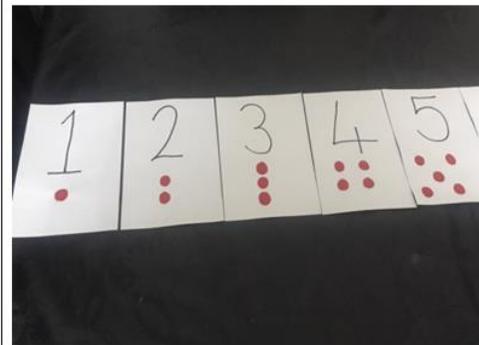

Make your number cards from 0 to 10.  
Write the numbers carefully and don't forget to add your coloured dots.

You can choose different numbers if you like, such as 0 to 20 or 11 to 20.

You may even want to make bigger numbers, it's up to you! 😊

#### **Step 2**

Put your number cards in order from smallest to largest.

Practice counting forwards.

Practice counting backwards.

You can even order your number cards from largest to smallest, it's up to you! 😊

### Step 3

Ask someone at home to help you put up a washing line. You could use your dining table legs.

Use the pegs to put up your number cards in order.

Count forwards and backwards.

### Learn a new song

Sing and learn this song about caterpillars!

### Go on a mindful safari!

Go outside for a walk with your grownups and household today. When you go for a walk you can go on a mindful safari!

The Safari exercise is a great way to help you learn mindfulness. This activity turns an average, everyday walk into an exciting new adventure!

Grown ups - Tell your children that you will be going on a safari: their goal is to notice as many birds, bugs, creepy-crawlies, and any other animals as they can. Anything that walks, crawls, swims, or flies is of interest, and they'll need to focus all of their senses to find them.

### Read A Book

Today's book is The Very Hungry Caterpillar by Eric Carle.

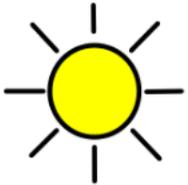

You can find an online version here read by the author himself:

### Phonics

With your grown up draw some pictures of the following things on small pieces of paper:

sun

sad

sack

soap

Once you have done this you can play this game with your grown up:

Your grown up can choose a picture in their mind and can segment (sound out) the word:

s-u-n  
s-a-ck  
s-oa-p  
s-a-d

Can you guess which picture your grown up is asking for by blending the sounds (putting them together)?

### Can you catch and count?

Have a go at these simple activities using kitchen tongs to help build your finger muscles!

**Do some daily exercise**

Exercise is a great way to keep your body and mind healthy and can really help with lifting your mood. Try some fun exercise from dancing with Oti Mabuse to workouts with Joe Wicks everyday at 9am.

Joe Wicks' PE Workouts - daily at 9am
