Nursery Homeworking Tasks

Good morning Nursery Class! For today's tasks you could make a healthy and tasty fruit smoothie with your grown up using the recipes below. Explore patterns, learn a song about a tiny caterpillar and listen to the sounds that you can hear outside when you go for a walk with your grownups. There are some ideas below for today's learning. Scroll down to find the links. Have fun! From Abi

Make a fruit smoothie

The Very Hungry Caterpillar loves to eat fruit! His favourites fruits are apples, pears, plums, strawberries and oranges. Mix these fruits together to make smoothies. Remember to always ask your grown ups for help when using a blender! Here are some other healthy smoothie recipes you could try:

1. Avocado & strawberry smoothie

2. Banana, honey & hazelnut smoothie

3. Breakfast smoothie

4. Creamy mango & coconut smoothie

Explore patterns

You will need:

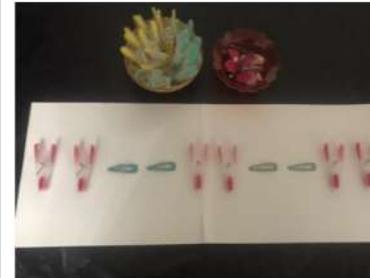

Any objects you can find in your home - spoons, buttons, toys, pegs, pens, tissues paper rolled into small balls, even cereal!

Patterns with cereal and tissue paper

You can use your tissue paper balls again to make a different pattern.
You will also need some cereal.
Cereal, cereal, cereal, tissue paper, cereal,
cereal, cereal, tissue paper, cereal, cereal,
cereal, tissue paper...

Patterns with hair clips and pegs

You will need pegs and hair clips.
If you don't have hair clips, you can use something else instead.
Peg, peg, hair clip, hair clip, peg, peg, hair clip, hair clip...

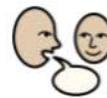

Patterns with spoons, buttons and pegs

You will need spoons, buttons and pegs.
Spoon, spoon, button, peg, peg, spoon,
spoon, button, peg, peg...

What is different about this pattern? Talk to an adult at home.

Talk to your adult

Which pattern did you prefer making and why?

Would you like to make up your own pattern? What could you use?
Maybe you could use some ideas from our book, *The Very Hungry Caterpillar*.

Learn a new song

Sing and learn this song about caterpillars!

Listening to spring time sounds

Go on a walk today with your grown up. When you are on your walk, listen to all of the different sounds that you might hear. Can you hear...

- the crunch of the gravel beneath their feet?
- the tweet of the birds as they sing their songs?
- the beep of the cars as they drive up the road?
- the swoosh of the wind as it blows through the trees?
- the snap of the twigs when they walk through the park?
- the buzz of the bees as they explore the flowers?
- the plop of the stone as it lands in the water

Read A Book

Today's book is The Very Hungry Caterpillar by Eric Carle.

You can find an online version here read by the author himself:

<https://www.youtube.com/watch?v=vkYmvxPOAJI>

You can also choose a different book to read here: www.getepic.com/students . Log in with the code to the left.

If you don't have a laptop or an iPad at home, you can download the 'Epic' app onto your smart phone. Enter your class code then find your name. Click on 'Mailbox' to read the eBooks your teacher has set you.

Phonics

With your grown up draw some pictures of the following things on small pieces of paper:

ant

bat

dad

cap

Once you have done this you can play this game with your grown up:

Your grown up can choose a picture in their mind and can segment (sound out) the word:

a-n-t

b-a-t

d-a-d

c-a-p

Can you guess which picture your grown up is asking for by blending the sounds (putting them together)?

Enjoy some water play

Click on the link below to find some great ideas for water play. There is also lot's of great information about the benefits of water play for young children to help explain why it is so essential to children's learning and development.

<https://www.firstdiscoverers.co.uk/eyfs-water-play-ideas-activities/>

Do some daily exercise

Play a game of throwing and catching in the park with your grown up.

Throwing develops in the following stages:

- over and down (one hand)
- two-handed underhand
- one-handed underhand
- one-handed overhand.
-

Encourage two-handed underhand throwing in the early stages, before moving on to throwing objects up in the air and watching them drop. The next stage is to get children to aim at something, you could put out a bowl or bucket and encourage your child to practice throwing the ball into the bucket. Also practice throwing up into the air, how high can the ball go, practice throwing as far as you can, who can throw the ball the furthest,

Exercise is a great way to keep your body and mind healthy and can really help with lifting your mood. Try some fun exercise from dancing with Oti Mabuse to workouts with Joe Wicks everyday at 9am.

Joe Wicks' PE Workouts - daily at 9am

<https://www.thebodycoach.com/blog/pe-with-joe-1254.html>

Free dance classes with Oti Mabuse live everyday at 11am
