Look at your plan / story map that you made yesterday.

Today we want you to write your story. Remember to follow your plan. Stop after you have written each section (beginning, middle and end) and check that you haven't left anything out.

When you have finished, read your story to your mum, dad or another family member and ask them what they think about it. Remember you can always edit or redraft parts of your work if there are bits that you want to change.

Islamic Prayer - How and why Muslims pray

We are going to start looking at how people from specific faiths pray.

This week we will be focusing on Islamic prayer.

You may want to use your own personal experiences to complete this task or use the video to help you..

What is wudu? How is wudu performed? Why is wudu so important before prayer? Explain how a Muslim person prays. You can choose to do this through pictures or writing.
