Make your favourite animal using junk modelling at home

Grown ups can watch the videos below for some ideas on ways to help you and how they can help to develop your language and communication skills through this activity.

Play a game of home made skittles

Visit Edinburgh Zoo online

Take another trip to Edinburgh Zoo online to learn about a different animal. The zoo is offering free virtual access where you can watch live animal cams. Watch the lions in their enclosure. Can you spot the lions? Talk about what they look like and what they are doing. Where do lions live in the wild? What is it like there?

Sing A Nursery Rhyme

This week's Nursery Rhyme is 'We're Going to the Zoo.' Can you learn the words to the song and sing them with your family? Here is a link below which will take you to the song so you can listen to it and learn the words.

Build a 'Well Being Box'

Continue to make your 'Well Being Box' with your family. Write a positive message that makes you feel good and put it in the box. Collect something that is important to you and makes you feel happy or relaxed. This could be a special toy, something from a favourite memory, something that helps you to relax, or something that makes you laugh. Place it in the box. Share it with your family. You can add to the box throughout the week and use it to cheer you up.

Read A Book

Today's book is Dear Zoo by Rod Campbell. Follow the link below where you can listen to it being read by the author Rod Campbell. If you have any toy animals you can bring them along to listen to the story. See if you can match the toy animals to those in the story. What noises do the animals make? See if you can make the noises together.
