

Thursday 7th May

Reading

We hope that you are enjoying using the Getepic website and that you have started to read some of the books that we have given you to read.

1. Click on the link to get onto the website [Getepic](#)
2. Click on the student tab. Use the class code that the office has sent you to login.
3. Read the book that your teacher has given you to read or choose a book.
4. If there is a quiz do the quiz

REMEMBER TO CHOOSE BOOKS ABOUT TOPICS THAT YOU ARE INTERESTED IN. IF YOUR SIBLINGS WANT TO USE THE WEBSITE THEY SHOULD USE A DIFFERENT CODE. THE WEBSITE LOGS THE BOOKS YOU ARE READING.

Writing

Write a Diary

Imagine you were at a street party for the VE Day celebrations.

Write a diary entry about your day at the party.

You may want to plan your diary first.

Think about:

- Where was the party?
- What types of food did you have
- Who attended?
- How were you feeling?
- What did you see/hear?
- What was the atmosphere like?
- What did you wear?

Maths

Click on the answers link and mark the work that you did on Wednesday. [Answers](#)

1. Please go to the [link](#) and find Summer term Week 3 (w/c 4th May).

2. Find Lesson 4-Divide 3-digit by 1 digit numbers.

3. Now complete the activity in your maths book/ on paper. [Activity for Lesson 4](#)

Lesson 4 - Divide 3 digit by 1-digit number

The screenshot shows a video player interface. At the top, it says "Lesson 4 - Divide 3 digit by 1-digit number". Below this, the equation $405 \div 3 =$ is displayed. To the left of the equation are base ten blocks representing 405: four hundreds blocks, zero tens blocks, and five ones blocks. To the right is a place value chart with three columns: "Hundreds", "Tens", and "Ones". The "Hundreds" column has three green blocks, the "Tens" column has four yellow blocks, and the "Ones" column has five red blocks. At the bottom of the video player, there is a play button, a progress bar showing 13:41, and settings icons.

COMPUTING

Use you Purple Mash Login

(You should now be able to easily see the work that we have set you.)

Complete the todo typing activity.

Mixed Keys:

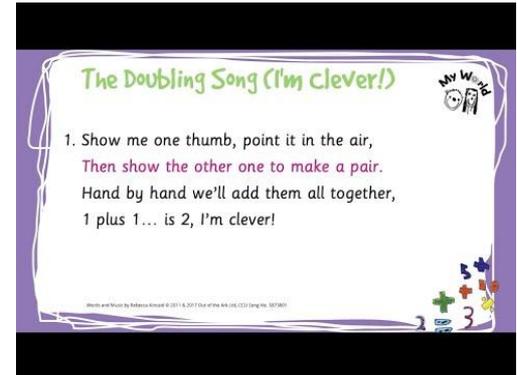

Music

Singing is a really good way of keeping our minds active and lifting our moods.

I challenge you to have a listen and learn a new song every day. Teach your family the song.

The Doubling Song - Song Activities

The Doubling Song (I'm clever!)

1. Show me one thumb, point it in the air,
Then show the other one to make a pair.
Hand by hand we'll add them all together,
1 plus 1... is 2, I'm clever!

My World

1 + 1 = 2

2 + 2 = 4

3 + 3 = 6

482 + 482 = 964

483 + 483 = 966

484 + 484 = 968

485 + 485 = 970

486 + 486 = 972

487 + 487 = 974

488 + 488 = 976

489 + 489 = 978

490 + 490 = 980

491 + 491 = 982

492 + 492 = 984

493 + 493 = 986

494 + 494 = 988

495 + 495 = 990

496 + 496 = 992

497 + 497 = 994

498 + 498 = 996

499 + 499 = 998

500 + 500 = 1000

P.E.

Remember it's important to stay fit and healthy.

Follow the link below for a great P.E. Lesson with Joe Wicks.

[P.E. with Joe Wicks](#)

Hello Year 4,

We have some **very exciting chess news** !

Chess in Schools, (who Andrew works for), have managed to get each of you a **free gold level access to the ChessKid website** until **20th July**.

Chris has been using it and says it is FANTASTIC !

The [**ChessKid for Parents and Carers leaflet**](#) tells your parents all they need to know about ChessKid. Click the link and show it to you parents.

The next few slides will show you how it works and how you can sign up for a ChessKid Smithy Street.

What can I do on ChessKid ?

← These are your settings..The speech bubble is where you may get a message from Chess in Schools or ChessKid.

← This is your user name. It is created when you sign up. Make sure you write it down. **Do not change your user name.**

← Play chess matches against the ChessKid computer or your friends.

← Play chess puzzles against the ChessKid computer or other children.

← Lots of lessons that teach you how to play chess. There are many more lessons to improve your chess skills if you can already play. More details on the next slide.

← Send a friend request to other Smithy Street children. When this is set up you will be able to play matches against each other in ChessKid.

Lessons

Each lesson has a teaching video followed by exercises for you to complete. If you are a beginner, start at the first lesson. If you can already play, scroll down the list and choose where you think is best to start for you. The lessons become more challenging as you work through them.

Videos

Here you can find videos to teach you all aspects of chess for example: openings, endgames, tactics and strategy.

The screenshot shows a green-themed interface for a chess learning application. At the top, it displays 'Your Level: PAWN 3' with a cartoon pawn character and a progress bar at 0%. To the right, it says 'Next Lesson: Meet the Queen!' with an orange 'START' button. Below this are three main categories: 'LESSONS' (with a book icon and the text 'Take interactive chess lessons'), 'VISION' (with an eye icon and the text 'How's your board vision?'), and 'WORKOUTS' (with a brain icon and the text 'Play set positions'). A 'VIDEOS' section is also visible with a clapperboard icon and the text 'Learn from the best!'. Three white arrows point from the text blocks to these sections: one to 'LESSONS', one to 'VIDEOS', and one to 'WORKOUTS'.

Workouts

Get better at chess by practicing these key positions over and over! Sometimes the goal is to win, sometimes to draw. If you get it right three times in a row, you've probably mastered it!

How do I sign up for chess kid ?

Click on this link and follow the instructions to set up your own personal Smithy Street account.

<https://www.chesskid.com/register/kid/group/GC5FSG>

YOUR PARENTS NEED TO ENTER THEIR E-MAIL ADDRESS DURING THE SIGN-UP. IF THEY DON'T DO THIS YOU WON'T BE ABLE TO CREATE YOUR OWN ACCOUNT.

Your parents will also receive an email from ChessKid inviting them to set up their own account. If they do this, they will be able to recover your username and password if you forget it. They can also learn to play chess- just like you !

MAKE SURE YOU WRITE DOWN YOUR USERNAME AND PASSWORD AND KEEP IT SAFE.

Remember, your account will only work until **20th July. After this date it will be inactivated.**

Make the most of it !

Website or app ?

P.S. You can access ChessKid through their website or by downloading their app. **It is better to use their website** as the app does not have everything on it.
