

# Wednesday 8th July

Hello Year 6,

Check out the magic square trick on the maths slide today. It takes a bit of practise to memorise it but whoever you try it on will be totally amazed - good luck !

Here are some more fascinating facts:

- Water covers 70% of Earth
- A crocodile cannot stick its tongue out.
- A hippopotamus can run faster than a man.
- An ostrich's eye is bigger than its whole brain.

Lizzie, Chris & Alison

How many words can you make from these letters? You cannot use a letter more than once in each word (unless it appears twice in the grid).

Can you find the nine-letter word?

Before long, the 'shop from nowhere' -- and its owner, Mr Silver -- draw Daniel into a breathtaking world of magic and enchantment. Recruited as Mr Silver's apprentice, Daniel learns the secrets of the Emporium's vast labyrinth of passageways and rooms -- rooms that contain wonders beyond anything Daniel has ever imagined. But when Mr Silver disappears, and a shadow from the past threatens everything, the Emporium and all its wonders begin to crumble.
