Do you ever want to be somewhere on your own, to escape from noisy brothers or sisters or parents?

What would your special place be like?
Draw a picture of it and write a short description.

A large, ornate, hand-drawn style frame. Inside the frame, there is a large empty rectangular area for drawing. Below the drawing area, there are four horizontal lines for writing a short description.

Activity 1

True or False?

The red book is heavier than the green book.

The green book is lighter than the red book.

They have the same mass.

Activity 2

The robot is heavier than the bear.

They weigh the same.

What do you think?

Activity 3

How many cubes does the blue cup weigh?

How can you find out?

Is the yellow cup lighter than the blue cup?

How can you find out?

Follow the instructions on this sheet to make your own playdough
– no cooking or hot water required!

No-Cook Playdough

Ingredients

2 cups plain flour
1 cup salt
1 tbsp oil
1 cup cold water
2 drops liquid food colouring
– any colour of your choosing

Method

1. Mix the flour and salt together in a large mixing bowl.
2. Add the cold water, oil and drops of food colouring and mix together.
3. When your ingredients are well mixed, take them out of your bowl and place your dough onto a flat surface, such as greaseproof paper.
4. Knead vigorously for a few minutes, until your dough feels like playdough and all of the stickiness has gone.

What is kneading?

This is when you press, massage, squeeze and fold your dough.

If your dough is too wet, add a little extra flour and carry on kneading.

If your dough is too dry and crumbly, add an extra drop of cold water and carry on kneading.

Make sure you add any extra ingredients a little bit at a time.

Activity 3
Practice your measuring skills to make your own playdough
