You have written a biography about Frida Kahlo but now you are going to write a autobiography.

What is an autobiography? Who are you writing about?

‘Auto’ means ‘self’ therefore an autobiography is self-written. It is an account of someone’s life, written by the person themselves, in chronological order. An autobiography is different to a biography because it is written in the first person, explaining important events in their life. The subject may write about what has influenced them and include details of their feelings during different experiences they have had.

## Biographical or Autobiographical Writing? How do you know?

He was born and grew up in London, moving to France at the age of 13.

I never enjoyed writing until I met my idol, Jacqueline Wilson, who ignited my interest.

“She never could sit still at school!” was the comment made by Mrs Alice Hall, an old teacher of hers.

He died at the age of 98, with his family at his bedside.

Dancing became my passion. I would dance every day and used to get angry and frustrated when I was told off for practising in the living room. I think my mother was always more concerned about me knocking over her priceless ornaments.

Today we are going to be exploring Christian prayer. Watch the video below to see how many Christian children choose to pray

<https://www.bbc.co.uk/teach/class-clips-video/religious-studies-ks2-christian-prayer/zbjv92p>

For all Christians, praying is very important, because it makes their relationship with God stronger, and they believe it changes them and the world in which they live.

Praying is much more than giving God a list of things you want him to do, although sometimes it can be like that. It is more to do with spending time enjoying God's company, a bit like you would do with a friend. Asking questions, talking about your family and friends, wondering about the future, saying sorry, saying thank-you, listening to what they have to say, not worrying about silence, just glad to be with them.

(See next slide)

The bible tells Christians what Jesus told his disciples about prayer. He said that prayer isn't about standing where everyone can see you and praying the loudest. It should be personal.

**The Lord's Prayer** was a prayer Jesus taught his disciples to show how they should communicate and pray to God.

Find a copy of '**The Lord's Prayer**' online and try and write what you think each line means.

When you have had a go, the link below will take you to a page which explains '**The Lord's Prayer**'. This is a very important prayer and a prayer used by Christians all around the world
