Reception Homeworking Tasks

Hello from Kimberley and Monica, we hope you are well and safe. Here are the tasks for today's learning. Have a good day! ☺

Today you will take objects away using your clever counting.

There are also books to read, Phonics games, PE and Machu Picchu to explore – have fun! ☺

You will need:

Some buttons or a different object

A pen or pencil

A whiteboard or paper

Ask an adult to place two groups of buttons down on your board or paper and draw some boxes for you. Don't forget the take away - and the equals/makes = signs.

Carefully count each group of buttons and write the numbers down. Put 8 in your head and count back 4 using your fingers to help you: 8, 7, 6, 5, 4. 4 is your answer, write it down.

Use my one to help you do this by yourself.

1. Count these pegs first and write your number down

2. Then count these pegs and write your number down

3. Put the first number in your head and count backwards the second number, use your fingers to help you. Write your answer down.

Talk to your adult

What did you like about taking away? Is there anything you found tricky?

Why don't you try taking away some other things in your house?

Maybe you could choose some minibeasts from our story to count and take away.
