

Friday 12th June

Hello Year 6,

You will have seen the huge new apartments being built on Sidney Street (between our school and the Royal London Hospital). Before building started, archaeologists excavated the ground to search for historical remains. It was announced yesterday that they had found the remains of The Red Lion Theatre built in 1567, that is 453 years ago ! Historians have been searching for it for a very long time because it was the very first Elizabethan theatre and they think the young William Shakespeare performed his new plays here before he became famous.
