Make some tiger playdough!

Follow this recipe to make your own tiger playdough:

How to make your own playdough

You will need: 2 cups plain flour (all purpose), 2 tablespoons vegetable oil, ½ cup salt, up to 1.5 cups boiling water (adding bit by bit until it feels just right), food colouring (optional – orange and black to make tiger playdough)

You might also want to use some household items like child-friendly cookie cutters and rolling pins to make shapes with the playdough.

What to do:

1. Mix the flour, salt and oil in a large bowl. If you're using food colouring, add it to the boiling water then pour into the flour mixture.
2. Stir until it forms a sticky dough.
3. Allow it to cool down then take out of the bowl and knead it for a couple of minutes until all of the stickiness has gone.
4. Keep kneading until it's the perfect consistency! If it's still sticky add a little more flour until just right.

If the children want to keep the figures that you make, simply bake in a 250 degree oven for approximately one hour and hey presto, your play dough will harden!

Do some daily exercise

Exercise is a great way to keep your body and mind healthy and can really help with lifting your mood. Try some fun exercise from dancing with Oti Mabuse to workouts with Joe Wicks everyday at 9am.
