Play a game of cloud spotting: <https://www.bbc.co.uk/weatherwatchers/>

Take a look out of your window. Talk to your grown up about what you can see. Can you see any clouds? What shape are they? What do they look like? Can you see any that look like animals? This is a great way to relax, as well as to learn. You could even make up a story about the things you see. If you want to learn more about clouds you can visit the website below.
