Make your number cards from 0 to 10.
Write the numbers carefully and don't forget to add your coloured dots.

You can choose different numbers if you like, such as 0 to 20 or 11 to 20.

You may even want to make bigger numbers, it's up to you! 😊

Step 2

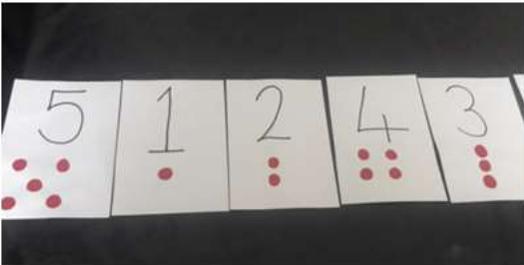

Put your number cards in order from smallest to largest.

Practice counting forwards.

Practice counting backwards.

You can even order your number cards from largest to smallest, it's up to you! 😊

Step 3

Ask someone at home to mix your number cards up.

Can you put them back in the right order?

Go exploring around the house. Can you find different objects that have 3 sounds in them? This could be a f-or-k *fork*, c-u-p *cup*, p-e-n *pen*. I wonder what you will find.
