# Prayer

This term we have spent time looking at how people of different faiths pray. Below is a link to a beautiful video which looks at prayer for 5 different religions around the world. It is beautifully made and a really interesting view of children around the world and of different faiths to your own.

<https://mvslim.com/5-children-5-religions-5-prayers-a-beautiful-short-film/>

Once you have watched the video, I would like you to write down any similarities and differences in the different styles of prayer that you see. Think about the act of prayer but also the preparation for it.

Are there more similarities than differences?

Why might this be?
