Art

Hi Year 4! I hope you are all well.

How did you get on researching a famous sculptor? I hope you managed to find out lots of facts and had a go at practicing your sketching skills.

For this week I'd like you to have a go at creating your 3D art at home. This might even be something you can get your siblings involved in too!

Look at the link on this page to see how to carve soap. You can create anything you want but you may want to get some inspiration from your research last week.

The slide has suggestions on what household tools you can use but if your parents would prefer you not to use some of them the handle and end of a teaspoon can work just as well:

Ask an adult to take a picture of your creation when it's done and save it for when we see each other next.

Feel free to use the soap once you have photographed your creation!

Music

Singing is a really good way of keeping our minds active and lifting our moods.

I challenge you to have a listen and learn a new song every day. Teach your family the song.

Hello Year 4,

We have some **very exciting chess news** !

Chess in Schools, (who Andrew works for), have managed to get each of you a **free gold level access to the ChessKid website** until **20th July**.

Chris has been using it and says it is FANTASTIC !

The [**ChessKid for Parents and Carers leaflet**](#) tells your parents all they need to know about ChessKid. Click the link and show it to you parents.

The next few slides will show you how it works and how you can sign up for a ChessKid Smithy Street.

What can I do on ChessKid ?

← These are your settings..The speech bubble is where you may get a message from Chess in Schools or ChessKid.

← This is your user name. It is created when you sign up. Make sure you write it down. **Do not change your user name.**

← Play chess matches against the ChessKid computer or your friends.

← Play chess puzzles against the ChessKid computer or other children.

← Lots of lessons that teach you how to play chess. There are many more lessons to improve your chess skills if you can already play. More details on the next slide.

← Send a friend request to other Smithy Street children. When this is set up you will be able to play matches against each other in ChessKid.

Lessons

Each lesson has a teaching video followed by exercises for you to complete. If you are a beginner, start at the first lesson. If you can already play, scroll down the list and choose where you think is best to start for you. The lessons become more challenging as you work through them.

Videos

Here you can find videos to teach you all aspects of chess for example: openings, endgames, tactics and strategy.

The screenshot shows a green-themed interface for a chess learning application. At the top, it displays 'Your Level: PAWN 3' next to a cartoon chess pawn icon and a progress bar at 0%. To the right, it says 'Next Lesson: Meet the Queen!' with an orange 'START' button. Below this are three main sections: 'LESSONS' (with a book icon and the text 'Take interactive chess lessons'), 'VIDEOS' (with a clapperboard icon and the text 'Learn from the best!'), and 'WORKOUTS' (with a brain icon and the text 'Play set positions'). A 'VISION' section with an eye icon and the text 'How's your board vision?' is also visible. Three grey arrows point from the text blocks to the 'LESSONS', 'VIDEOS', and 'WORKOUTS' sections respectively.

Workouts

Get better at chess by practicing these key positions over and over! Sometimes the goal is to win, sometimes to draw. If you get it right three times in a row, you've probably mastered it!

How do I sign up for chess kid ?

Click on this link and follow the instructions to set up your own personal Smithy Street account.

<https://www.chesskid.com/register/kid/group/GC5FSG>

YOUR PARENTS NEED TO ENTER THEIR E-MAIL ADDRESS DURING THE SIGN-UP. IF THEY DON'T DO THIS YOU WON'T BE ABLE TO CREATE YOUR OWN ACCOUNT.

Your parents will also receive an email from ChessKid inviting them to set up their own account. If they do this, they will be able to recover your username and password if you forget it. They can also learn to play chess- just like you !

MAKE SURE YOU WRITE DOWN YOUR USERNAME AND PASSWORD AND KEEP IT SAFE.

Remember, your account will only work until **20th July. After this date it will be inactivated.**

Make the most of it !

Website or app ?

P.S. You can access ChessKid through their website or by downloading their app. **It is better to use their website** as the app does not have everything on it.
