Hello, Year 5!

David and I hope you're all well and staying safe. Remember to take your time with these activities and to ask your family for help if you're stuck. How have you been finding the chess activities? I've been practising my chess skills, too, so I'd like to challenge you to a game when we get back to school!

Extension: Oak National Academy

The Oak National Academy is a website the government has created to provide extra ‘lessons’ for children to complete whilst at home. Each day there will be an English, maths and foundation (geography, history, science) lesson. This weeks timetable is in green below.

We would still like you to complete the work we set first, in the rest of these slides, then if you want to do an extension, have a look at the [Oak National Academy website](#).

If you want to use Oak National Academy, the lessons are sequential. This means you should start at lesson 1, then go to lesson 2, etc. If you miss a day, make sure you go back to the lesson you missed.

Extension: BBC Bitesize Daily

Similar to the Oak National Academy you can now access regular daily lessons from BBC Bitesize in English, maths and other core subjects, on the BBC Bitesize website and also in special programmes broadcast on BBC iPlayer and BBC Red Button.

We are going to continue setting you daily work similar to how it has looked over the past couple of weeks but might use some of the BBC Bitesize material/videos too. **We would like you to complete the work we set first.** However, if you want to do some extra work, you could look on this site for some ideas! It might also be useful for your older or younger siblings...
